

# THE PROTEST PURSE

October 11th - November 6th 2022

Kulsum Tasnif

The Protest Purse is a solo exhibition featuring the work of local artist Kulsum Tasnif, a mixed media artist and transmedia storyteller. Kulsum immersed herself in stories of multicultural and multigenerational women, learning what inspires us to RESIST and to exist in these times of national chaos, global catastrophes, and day-to-day struggles. The resistance purses are portraits of contemporary human struggles and triumphs. The Protest Purse is an ongoing project that seeks to re-contextualize how we see protest and allows insight into the hearts and minds of a diverse community of women.
